

INDEX

Institute of Biology of the Southern Seas	pag. 3
IVANOV V.N. - Ecological problems of mussel mariculture at the Black Sea	" 5
BITYUKOVA YU.E., TKACHENKO N.K., KHANAICHENKO A.N., VLADIMIRTSEV V.B. - Rearing of viable juveniles of the Black Sea turbot in experimental conditions	" 8
SHALYAPIN V.K. - Climatic and physico-geographical conditions for mussel mariculture at the Black Sea	" 12
SENICHEVA M.I. - Dynamics of phytoplankton community in the region with mussel marifarming	" 16
PIRKOVA A.V. - Dynamics of reproductive cycles, size and mass correlations of cultured mussels (<i>Mytilus galloprovincialis</i> Lam.)	" 20
IVANOV V.N., KHOLODOV V.I., BULATOV K.V., KAZANKOVAI I.I., PIRKOVA A.V. - Regularities in mussel settlement formation on artificial substrates	" 26
KHOLODOV V.I. - Prognosis for mussel farming influence on the environment basing on the mussel energy budget	" 31
IVANOV V.N. AND BULATOV K.V. - Population-genetic investigations of Black Sea <i>Mytilus galloprovincialis</i> Lam.	" 36
MURINA V.V., ARTEMJEVA YA, N., KAZANKOVA I.I. - Meroplankton of the Black Sea and seasonal dynamics of mussel larvae at experimental marifarm region	" 42
